

MILESTONE SETTLEMENT IS FIRST AND LARGEST, EVER.

As one of 100 million plaintiffs, your share
ENTITLES YOU TO \$1 towards the great Donatos pizza you deserve.

If you consumed a pizza within the continental United States within the last sixty million years this notice may pertain to you. The proposed action will provide relief to all those who have experienced pizzas that leaked, malfunctioned, failed to operate properly in terms of taste, or were taste-defective in some way by directing said use to better pizza. You must be a person or entity to be part of this claim. Just by viewing this, all persons or entities are irrevocably locked into being Class Members, unless they choose to "opt out", which you wouldn't want to do. To do so, you must submit a handwritten, beautifully composed, iambic pentameter, signed, stamped, sealed, notarized letter from your grandmother saying she has raised someone who would "opt out" of a national legal-ish effort to bring you better pizza. It should be postmarked no later than now, so your grandmother would have to run it to the post office no later than immediately. No person or entity should put their grandmother through that. Under the proposed settlement all persons or entities will convey themselves to better pizza. Transportation, particularly for the entities, will not be provided due to size constraints. If you are unhappy with the terms of this flimsy, noncommittal settlement you may file an objection with someone somewhere. We love to charge fees and expenses but can't. We hope you had time to read this. There will be a test.

WARWICK ♦ SELTZ

\$1 OFF ANY LARGE PIZZA

Not valid with any other coupons, discounts or offers. Limit one per transaction.
Valid only at participating stores. Offer expires in 30 days. 201-201
